Non-invasive

Cash-based

Complementary to physical therapy

30 minutes

Quick procedure

HEAR IT FROM THE EXPERTS

"Emsculpt Neo has transformed my patients' lives in ways I never thought possible. Seeing them walk confidently again was truly life-changing."

Mohamed Abdulhamid, MD
Neurosurgeon, Scottsdale, AZ

"Emsculpt NEO has truly changed the way I treat patients with orthopedic issues. It helps improve their flexibility,range of motion, and stability, making it easier for them to move and feel better in their day-to-day lives."

Eugene Lou, MD
Orthopaedic Surgeon, Houston, TX

"It's incredible to now have the ability to help more patients than ever before, giving them the chance to regain their mobility and quality of life. This technology is going to transform our medical world in every way."

Rakesh Nanda, MD
Internal Medicine, Columbus, OH
